Class 5-8
Seats-30

Astronomy camp

June 6-8, 2018

Trigger the Astronomer in you and feel the excitement of outer world. Observe the celestial clockwork through sundial observations, Sun projections, and spectroscopy and with carefully planned hands-on activities. Unlock the box that holds the secrets of the stars, planets, galaxies and moons. Fuel your curiosity as you unfold the mysteries of the Universe and surf the endless cosmic ocean like the great discoverers of our time did.

Time: 9:30am-12:30pm
Class 8-12
Seats-30

Best out of waste

June 20-23, 2018

Things turn out best for those who make best of how things turn out. So come join us and show how to put the unusable stuff to the best use. In this workshop participants will be engaged in craft activity using natural and recyclable materials.

Time: 9:30am-12:30pm
Class 3-5
Seats-30

Entry is free but registration required.
