Dear Parents,

It's vacation time. Time for the students to have loads of fun and get back to all the activities they could not find time to pursue. During these vacations make sure your ward learns with joy, plays with sportsmanship and enjoys with the family and the friends. Encourage your ward to:

1. Converse with his/her friends and family in English.
2. Read the suggested books and find meanings of the new words. Motivate your ward to use these words in everyday conversation.
3. Help you to do simple household tasks like laying the table, watering the plants every day.

Leisure.....One's Own Sweet Time

Dear student,

Participating in leisure activities is truly important for a happy life. These activities not only refresh the mind and body but they also assist one in staying healthy and active. Have fun doing the following activities.

NOTE: Student's own work will be appreciated. Please do not write or paste anything in the school notebooks and books. Compile all the work in a single scrap book.

SECTION A

Take Your Camera for a Walk

Next time you go for a walk or to the mall or with mom to get groceries, take along a camera. Record your visit. Take pictures of what catches your eye- a funny sign, a beautiful view, a dog and its owner etc. When you get your pictures back, lay them all out, arrange them in different ways, and see what story they tell. When you have the order you like, stick them in the scrap book and add captions!

Fun Ride

Take a 1 hour metro ride to any destination. Take photographs and paste them in the scrap book.
