

TAGORE INTERNATIONAL SCHOOL
VASANT VIHAR NEW DELHI
HOLIDAY HOMEWORK
NURSERY (2019-20)

Dear Parent,

It is a wonderful experience to nurture these tiny tots. We are sure they enjoyed the school routine as much as we enjoyed being with them. The first summer break is on the threshold and to knock away the daily blues, we have a few suggestions to make these holidays fruitful.

1. Help your child to be independent. Following are the recommended life skill activities for the same.
 - Let the child button his/her shirt
 - Put his/her toys and things in their proper places
 - Encourage the child to wash her/his hands properly before and after each meal.
2. Encourage your child to join any hobby course like-
 - painting and drawing
 - dancing
3. Engage the child in outdoor activities like-
 - swimming
 - skating
4. Children love listening to stories. Read stories aloud to them regularly. Help and encourage your child to talk about the pictures. Some suggested books are

- **Bubbles' First Storybooks**

- Bubbles Is Honest
- Bubbles Is Lost
- Bubbles Is Careless
- Bubbles The Litterbug
- Bubbles Goes To School

5. You may take your child for outings to these places in the evening.

- Railway Museum
- India Gate
- Nehru Planetarium

6. Some suggested TV channels and movies

- Discovery kids, Nick junior ,Baby TV, Disney Junior
- Dumbo, Lego, Kid King, The Grind

7. Your child should learn one Hindi poem and one English song. You may use You Tube channel to get ideas. She/ He will present these in the class after the school reopens.

8. Encourage your child to make one art / craft activity from You Tube channel that is age appropriate, of his/her interest and requires least parental help. The child should bring the work when the school reopens.

9. Have at least one meal together with your child. Make the child spend some time in the company of grandparents and cousins

10. OBSERVATION SKILL ACTIVITY

Learn the name of two flowering trees of summer season.
